

Disaster Aid Europe are looking for Volunteers!

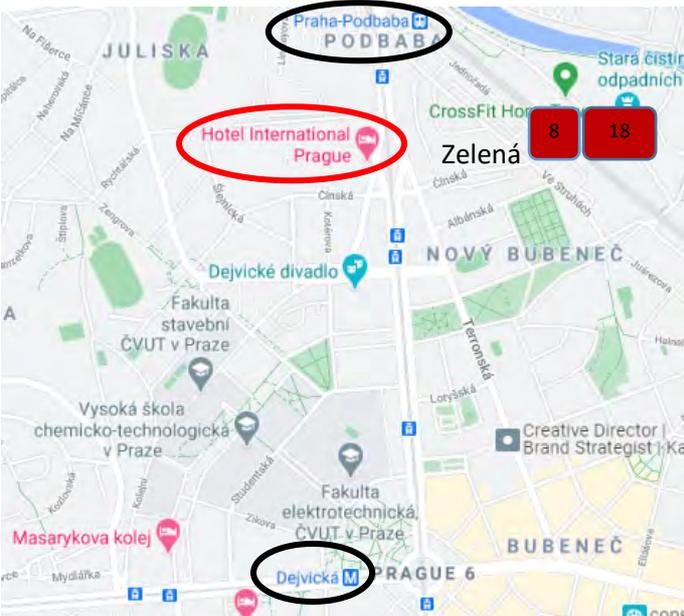

We are seeking volunteers (**D.A.R.Ts**) to deploy to locations as and when required to help and assist local communities to rebuild after natural and man-made disasters. *You will undertake training to further develop your life skills & specific skills for deploying.*

We also need **Ambassadors** who will help us in building relationships with corporations and others, to help us provide much needed resources to facilitate DARTs in the field rebuilding communities.

We will be in our sponsor hotel, Hotel International, Koulova 15 Praha 6 on Saturday 3rd October, 2020 between 12:00 and 14:00.

If you are interested in seeing what we do and how we are organised, please come and visit us.

Beirut, Lebanon

On 4th August 2020, ammonium nitrate stored at the port of the city of Beirut, capital of Lebanon, exploded, causing at least 200 deaths, 3 reported missing, 6,500 injuries, US\$10–15 billion in property damage, and leaving an estimated 300,000 people homeless.

Disaster Aid Europe have carried out a country assessment and are preparing to deploy to Beirut with mission critical aid of solar lamps-LuminAid, Sawyer and Ujeta water purification units.

Disaster Aid Europe is also fund raising to help support local Rotarians in the rebuilding of homes and businesses in Beirut.

Durres, Albania

On 26th November 2019 a strong 6.4-magnitude earthquake struck Northern Albania. The earthquake lasted some 50 seconds and was felt in Albania's capital Tirana, and in places as far away as Taranto and Belgrade, 370 km away. 51 people were killed with circa 3,000 injured. It was the second earthquake to strike the region in three months and the strongest earthquake to hit Albania in more than 40 years.

Disaster Aid Europe has purchased a Sky Hydrant* to provide clean water to a University and plans to help local Rotarians rebuild a kinder-garden in a remote location.
